

MAXWELL COLE

912 N 20th Street, Boise, ID 83702 | (208)-841-6469 | max.cole4444@gmail.com

Technical Skills:

- Experienced in Python, C, C++, and HTML programming.
- Knowledgeable in data structures, algorithms, and software design principles.
- Ability to quickly learn new technologies and programming languages.
- Strong problem-solving skills and critical thinking abilities.
- Proficiency in graphic design tools such as Adobe Photoshop and Illustrator.

Projects:

- Digital assets for the independent feature film "Making Sense" (2021): Developed using Adobe Photoshop and Illustrator utilizing graphic design and visual styling techniques.
- The FACTory (C++, Java, CSS, 2022): Worked in a team to create a C++ platform in which users can post random facts, sort, and review facts from other users. Implemented server-side Java code and applied CSS to create an easy to use interface.

Education:

Oregon State University – Applied Computer Science / Graduating Winter 2025

GPA of 3.5; Completed courses in data structures, web development, and object-oriented programming.

Riverstone International School / Graduated Spring 2020

GPA of 3.6; Achieved an International Baccalaureate Degree. Earned the Outdoor Leadership Award (2020).
